

## Information on educational and consulting measures

In accordance with the requirements of the regulatory enactments of the Republic of Lithuania, *JSC Latvijas Gāze* has concluded agreements with the Ministry of Energy of the Republic of Lithuania on the education and consultation of energy consumers.

Since the beginning of natural gas trading in the Republic of Lithuania, *JSC Latvijas Gāze* has carried out and will continue to carry out the following energy consumer education and consulting measures in the business customer sector:

- Publication of information related to energy efficiency on the website of *JSC Latvijas Gāze* [www.lg.lv](http://www.lg.lv);
- Consultations on energy efficiency online (including by phone) or sending information by e-mail at the request of the customer;
- Individual consultations on energy efficiency at the customer.

By implementing those consumer education and consulting measures, *JSC Latvijas Gāze* annually provides energy savings in the amount of more than 1% of the energy that *JSC Latvijas Gāze* sells to its business customers in the Republic of Lithuania in a calendar year.

**Please do not hesitate, write to us now to request information — if you are interested to receive individual consultations on how to use natural gas resources more energy efficiently.** You are welcome to contact *JSC Latvijas Gāze* using the contact information specified in your Natural Gas Trade Contract.
